Art Historian Neil Printz to Showcase “Photographs by Warhol” at Dickinson College; Lecture Set for Stern Center, Opening Reception, Exhibit to be held at Trout Gallery

Art historian Neil Printz will visit Dickinson College Wednesday, March 3, for two events related to his work on Andy Warhol.

Printz, co-editor of the multi-volume “Andy Warhol Catalogue Raisonné,” will discuss “Andy Warhol: Post-pop or Not,” at 4 p.m., in the Stern Center Great on West Louther Street between West and College streets in Carlisle. At 5 p.m., Printz is scheduled to attend a two-hour opening reception for an exhibit he curated, “Photographs by Warhol,” at The Trout Gallery in the Weiss Center for Arts on West High Street between West and South College streets. The exhibit will run through Saturday, April 10. All events are free and open to the public.

In his session at the Stern Center, Printz will discuss Warhol’s work after the 1960s, in light of photographs and the works of art recently donated to Dickinson College by The Andy Warhol Foundation for the Visual Arts’ Photographic Legacy Program.

Warhol is one of the pioneers of the 1960s Pop art movement. The exhibition at The Trout Gallery is the first to focus on the influence photography had on his work. Warhol’s own photography and photographs from advertising and journalism were often the inspiration and the point of departure for much of his finished work. This exhibition investigates aspects of Warhol’s approach to the media and draws from The Trout Gallery’s collection of more than 150 photographs by the artist.

“Andy Warhol Catalogue Raisonné” documents all of Warhol’s paintings, sculptures and drawings as well as his sources and working materials.
Printz received his Ph.D. in Art History at the City University of New York.

This program is sponsored by The Clarke Forum for Contemporary Issues and The Trout Gallery. For more information about the Clarke Forum, visit www.clarkeforum.org or call 717-245-1875.
